I'm an independent hard working web developer with strong leadership qualities who thrives in team environments and values dignity, honesty, and persistence. I'm all about collaboration, forming friendships to better facilitate synergy between my coworkers, and blasting 90's albums. A former journalist, I'm eager to branch into the technical side of life.

Technical Skills

Languages

HTML & CSS, JavaScript, SQL, PostgreSQL, MySQL, AJAX, JSON, API Integration

Libraries/Frameworks

Rails, Sinatra, rSpec, jQuery, Ajax, underscore.js, backbone.js, Handlebars, Sass, Foundation

Management/Deployment

Git, Heroku, Pivotal Tracker

Methodologies

REST, MVC, TDD, OOP, Agile

EDUCATION

General Assembly, Washington, DC

Full-Time Web Development Immersive

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually focused and collaboratively focused projects.
